

First Contact Practitioner (FCP) Roadmap Supervisor Training Course

In support of the Additional Roles Reimbursement Scheme (ARRS), AHPs who want to follow the HEE Roadmaps to Practice and work within Primary Care will need to have a HEE Approved Supervisor. HEE NW will be enabling two routes that will provide suitably experienced colleagues to become Roadmap Supervision and Verification (RMSV) supervisors:

Route 1: Educational Supervisor GP Trainer Top Up Training	Route 2: Multi professional Roadmap to Practice Training
<p>Currently, GP Training Educational Supervisors are approved to become supervisors following a short top-up training to familiarise themselves with the particular assessments and portfolio requirements for ARRS practitioner's portfolio sign-off.</p> <p>GP Trainer Top Up Training will all be delivered virtually.</p>	<p>A full 2 day course will be required for those who are not currently ES GP Trainers . Applicants will need to meet the following supervisor entry requirements:</p> <ul style="list-style-type: none"> ➤ An AHP Consultant Practitioner ➤ An Advanced Practitioner holding a full Advanced Clinical Practice Masters Degree <p>Keep up to date with the latest information and regular updates via the HEE website. https://www.hee.nhs.uk/our-work/allied-health-professions/enable-workforce/roadmaps-practice</p>
